Word Search: Cascade

A word search that keeps moving.

The game

A mobile word puzzle with a changing board. Find words, clear their letters and watch new possibilities appear as the remaining letters fall.

Search in eight directions, including diagonally and backwards. Find target and bonus words, build timed combo chains and progress through chapters.

Game facts

About the studio

Brekky & Tea Games is an independent game studio creating familiar experiences with interesting new twists. Cascade is its current public project.

Gameplay screenshots

Actual gameplay with the current newspaper styling.

Crossing words

Active combo and HOLD

Diagonal selection

A word in progress

Score feedback

A +2260 combo award

Full-resolution assets included

All five PNG screenshots are included at 1080 x 2400. These previews are reduced for this PDF; use the original files for coverage and social content. Screenshots are gameplay frames, not concept art.

Downloadable assets

A small, organised set for press and creators.

01 / Screenshots

Five original PNGs: crossing combo, Marsh/Meadow overlap, diagonal selection, score award and HOLD extension. Full resolution: 1080 x 2400.

02 / Short gameplay clips

Six H.264 MP4 social edits with AAC audio, each 1080 x 1920.
These include promotional captions and game branding; they are not clean raw press footage.

01	Crossing combo and cascade	11.5 s	**TOP PICK**
02	Chapter completion	10.5 s	
03	Clear, collapse and refill	7 s	**TOP PICK**
04	HOLD +2 seconds	8 s	
05	Word finds start HOLD	10 s	
06	Puzzle completion	8.03 s	

03 / Website-ready files

Muted 11.5-second gameplay video, poster frame and setup notes.
The video preserves the original social edit and has a visible restart cut.

Asset use and credits

Use the included gameplay assets for coverage of Word Search: Cascade.
Credit: Word Search: Cascade / Brekky & Tea Games. Identify the footage as a development build. Do not describe it as a public Android release.

No logo, app-icon or concept-art set is included in this updated package.
Availability and release details may change; consult the website or contact the studio for current information.
